A World of Information about A Beautiful State-in One Little BookBy bob biggerAdam Morgan's North Carolina's Wild Piedmont" is a valuable guide to much that the Tar Heel State's Piedmont has to offer everyone. Filled with information about state parks, wildlife, hiking trails, and history (plus photos), Morgan's book is one that will serve as a go-to often reference source. I love the book (and not just

because I'm quoted in it). In 1971, I was a 19 year old student at Dallas, NC's Gaston College. Our ecology club protested, marched, and circulated petitions to prevent the planned strip-mining of Crowders Mountain in Gastonia for kyanite. Our efforts, along with those of the Gaston County Conservation Society, were successful and the result is Crowders Mountain State Park with trails that I hike regularly. Adam Morgan tells the story. I can see many readers of "North Carolina's Wild Piedmont" deciding to make North Carolina a permanent home. This book is a keeper to be read and re-read many times!

Bob BiggerGastonia, NC2 of 3 people found the following review helpful. A great book! We live in the piedmont area and ...By Nicole Kathleen WhiteA great book! We live in the piedmont area and I love the history that the author shares in this book. I have also had a laugh or two while reading this! I would recommend this to anyone living in that area or as a gift to someone who does.1 of 1 people found the following review helpful. Can't declare yourself "erudite"By Gabriel RutherfordBorrowed and read. Seemed pretentious and closed minded. Hopefully grows with time though!

The North Carolina Piedmont is rich in natural beauty and wildlife. Home to eleven state parks, three state natural areas, a national wildlife refuge and a national forest, the region offers more than just gently rolling hills. Tour the wild wine vines in Medoc Mountain State Park, marvel at the floodplains of the Haw River and follow the migratory birds in Pee Dee National Wildlife Refuge. Experience the natural history, field research, interviews with park rangers and firsthand experiences of the states largest physiographic region. Author Adam Morgan joins in a rich tradition of nature writing to paint the majestic beauty and raw power of North Carolinas wild Piedmont.

About the AuthorAdam Morgan is an author, award-winning screenwriter, book critic and adjunct writing professor in Charlotte. He has a master of fine arts degree in creative writing, and has taught as an adjunct professor of English at Montreat College and the University of North Carolina, Charlotte.
