National Geographic Maps - Trails Illustrated : North Fork: Glacier National Park (National Geographic Trails Illustrated Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised North Fork: Glacier National Park (National Geographic Trails Illustrated Map):

0 of 0 people found the following review helpful. Best way to find your wayBy mountain guyI've used the Nat'l Geographic Trails Illustrated map series for almost two decades. I prefer them to GPS systems simply because I do not ascribe the same degree of reliability to the electronic gadget. The maps are durable and have never given me reason to doubt the accuracy of the data they present. I always recommend them0 of 0 people found the following review helpful. Five StarsBy Robert W. HarrisGreat.0 of 0 people found the following review helpful. Great mapBy CKNHDetailed and easy to read. Coated and appears to be very durable will hold up on the trail. Good price great map.

Waterproof Tear-Resistant Topographic MapNational Geographic's Trails Illustrated map of North Fork in Glacier National Park will benefit even the most experienced outdoors enthusiast, as you explore this pristine landscape that has very few amenities. Two additional maps for Many Glacier and the Two Medicine regions of the park along with a comprehensive Glacier National Park Trails Illustrated map are also available.Created in partnership with the National Park Service, U.S. Forest Service and others, this expertly researched map features key areas of interest such as Bowman Lake, Lake McDonald Valley, Goat Haunt and Avalanche Creek. The North Fork map is an invaluable resource for exploring the mapped trails of the area, including the Pacific Northwest Trail, the Continental Divide Trail and recommended biking trails. The map base includes contour lines and elevations for summits, passes and major lakes. Charts of unbridged stream crossings as well as seasonal plank and suspension bridges will also aid in your navigation of the area. Recreation features are clearly marked, including campgrounds, backcountry campsites, trailheads, interpretive trails, fishing and boat access and horse rental locations. A variety of helpful information about recreation activities available in the park, backcountry hiking and camping, regulations, and safety tips is included as well.Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.Other features found on this map include: Apgar Mountains, Bowman Lake, Flathead National Forest, Glacier, Kintla Lake, Lake McDonald, Lewis Range, Livingston Range, Mount Carter, Mount Cleveland.Map Scale = 1:50,000Sheet Size = 37.75" x 25.5"Folded Size = 4" x 7.5"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
