2010 sees a significant addition to the Rockfax stable; "North Wales Classics". This pocket-sized guide packs in

hundreds of superb routes throughout the mountains of Snowdonia. From Tremadog to Tryfan, and everywhere in between, the book covers mid grade routes on the best crags and features top-notch photo-topos and inspirational action shots taking you where you want to go. The handy pocket format means you can carry the book easily up the routes, yet the full page photo-diagrams beautifully showcase the cliffs in perfect detail. The guide does full-colour justice to several cliffs never before documented with topos, such as Little Tryfan and the Upper Tier of Tremadog. "North Wales Classics" is the indispensable companion to your Welsh mountain adventures.
