Lucy E Cousins : Northeast Argentina Uruguay (Footprint Focus) before purchasing it in order to gage whether or not it would be worth my time, and all praised Northeast Argentina Uruguay (Footprint Focus):

and local customs.. Could I got around without this? For sure, there is lot of other internet based resources.. but this did give me sufficient background, and some tips... so I recommend for first time visitors who do not have much time to do any research before getting on plane.1 of 1 people found the following review helpful. Not a real good travel guideBy I Read LA Very few pictures, too-dense print, not very upbeat...this book did NOT make me want to visit Northeast Argentina Uruguay! But that's the problem with buying from .com without knowing in advance what you want...you really lose a lot when you can't browse.1 of 1 people found the following review helpful. Five StarsBy asl8er Well paired with the Bradt Uruguay book for travel through this region
