The 13th in a series of maps of the 740-mile Northern Forest Canoe Trail. The Trail links the watersheds of northern New York, Vermont, Quebec, New Hampshire, and Maine, following Native American travel routes through the rivers of this region. It is now the longest inland recreational paddling trail in the northeast.

Invaluable for anyone attempting what is a long and difficult route just beginning to attract interest among boaters. -- Hartford (CT) CourantAbout the AuthorThe NFCT is a member-supported non-profit organization.
