By B. Bates
I love these maps from HEMA! They are extremely detailed and large. They are also on thick paper that looks to last a long time. I just wish more of them were readily available through . If you are a map person I would highly recommend HEMA.

transaction review
By Joe Rutz
great merchant no surprises shipment as expected

One of a series of 6 maps covering the United States, the Pacific Northwest features the crisp clear cartography that Hema is known for. It has an easy to read driving scale of 1:200,000 which allows for more detail while still being easy to fold. The map is city indexed and includes major city indexes and GPS compatible map grids.
