Kristine K. Kershul : NORWEGIAN in 10 minutes a day with CD-ROM before purchasing it in order to gage whether or not it would be worth my time, and all praised NORWEGIAN in 10 minutes a day with CD-ROM:

5 of 5 people found the following review helpful. A great visual accompaniment for your Norwegian odysseyBy Roger AllenThis is an enjoyable way to learn Norwegian by the use of pictures and stickers. I find it a useful adjunct to my other Norwegian books. I find it better to have a few different books read in parallel to provide interest and novelty and to tempt me to keep the glacier of progress moving. Learning any language is to me is also like traversing a vast ocean. The main thing is to keep sailing and not sink or return to shore defeated. Some of us are strongly visual while others are aural and others kinaesthetic in our learning. A mixture of approaches appeals to me more than one sense and this book is mostly visual as I am.27 of 27 people found the following review helpful. A good help in expanding your vocabularyBy A CustomerI see another review on this book and I believe that author missed the point of this book. The objective of this book is not to have you write a sentence in English then translate to Norwegian, nor

be a comprehensive source for learning Norwegian, but expand your vocabulary used in learning the language. The book has several mutually supportive exercises in expanding vocabulary and proper word usage. There are sentences with fill-in-the-blank missing words. There are little stickers to help you memorize the names of common household items. There are also exercises that help with gender, numbers, and common expressions. This book is definitely not going to teach you Norwegian except when used with other resources, but this is a great addition to the other tools that one uses to learn Norwegian. 3 of 3 people found the following review helpful. Great fundamental learning tool! By Berge This book is a great learning tool for learning the foundation of a language. I am fluent in Norwegian, however, my girlfriend is not. I bought this because from the looks of it, it is a basic foundation which she or anyone needs to know. The phrases you learn are the basic which may sound different to a Norwegian, but they get what you mean and from what you learn in the book, it is a fantastic jump. The vocabulary in the book is very important to learn to expand your learning of the language- or any language for that matter. I recommend this book for another learning tool- but make sure you have more resources than this book!

NORWEGIAN in 10 minutes a day Book 132-page illustrated workbook Full color throughout Organized in 25 easy steps, by essential categories 150 Sticky Labels for home and office Ready-made Flash Cards Cut-out Menu Guide Pronunciation Guide Over 300 Free Words Glossary of over 2,000 new words, definitions and pronunciation NORWEGIAN in 10 minutes a day CD-ROM Included with the 10 minutes a day Book Special language learning software features interactive Sticky Labels, Flash Cards, Colors and Numbers See and hear the words as you play with them on your computer screen PC and Mac friendly Who knew learning Norwegian could be so much fun?!
