Stephan VanDam : NY @tlas before purchasing it in order to gage whether or not it would be worth my time, and all praised NY @tlas:

0 of 0 people found the following review helpful. GREAT INFO BOOK!By spencer drategreat info book for a new yorker OR out of town-er-the transportation needs included very important and easy!0 of 0 people found the following review helpful. Five StarsBy VPI love how detailed the maps are and how it is a good alternative with a sometimes iffy wifi.0 of 2 people found the following review helpful. WONDERFUL! This book of maps makes all of NYC yours!By Barbara AlpertI've now been using this extraordinary book for more than a year, and it's been an amazing gift! I've explored NY from end-to-end--from City Island, the Bronx, to Tottenville, Staten Island, and all around Brooklyn and Queens (besides my home borough of Manhattan). The maps are aesthetically beautiful, wonderfully accurate, so easy to read, and full of useful info--post offices, subway stops, and more. In this walker's town, having the right map expands your horizons in every way. If you love the city and dream of seeing it in all its glory, this is your true companion. It belongs in the pocket or backpack of every New York resident, visitor, and fan. It's also a spectacularly appreciated gift!
