Oman 1,850,000 Travel Map, waterproof, GPS-compatible REISE This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. Road network is easy to see on a clear base which shows the area's topography by altitude colouring with contours, spot heights, and names of hill ranges and seasonal rivers. Internal administrative boundaries are shown with names of the provinces. Road network includes unsurfaced roads and 4WD tracks, indicating locations of border crossings. A wide range of symbols highlights various places of interest, including UNESCO heritage sites, archaeological remains, selected hotels and youth hostels, oasis, bird sanctuaries and turtle breeding grounds, surfing and diving sites, etc. The map also indicates locations of oil fields and oil wells. All place names are shown transliterated into Latin alphabet, names in Arabic are added to selected larger towns and settlements. The map has a latitude and longitude grid at intervals of 1 and an index of place names. Multilingual map legend includes English.
