**Jeff Brauer : On Your Own in El Salvador** before purchasing it in order to gage whether or not it would be worth my time, and all praised On Your Own in El Salvador:

4 of 4 people found the following review helpful. Gives full flavor of the country, with fascinating sidebars.By A CustomerEl Salvador has never been high on my list of "countries I really would like to visit," but this book has at least put it ON that list. The writing is clear and cogent, the historical background sections offer an intelligent, sympathetic, yet objective understanding of the beleaguered little country. In a minority among travel guides, the book presents clear and complete maps whof sites that would seem to be most useful. A must for every Central American visitor. And finally, one of the authors is my son6 of 6 people found the following review helpful. Excellent!!By A CustomerLast year I traveled throughout El Salvador for two weeks and couldn't have done it without this guide. It is

full of great places to stay, visit and eat. It also contains background information to help you get a good feel for the country. The photographs within the guide really capture El Salvador. Even after a year I still find myself going back to the book and reliving my trip. 13 of 16 people found the following review helpful. This book is the best. By A Customer I'm Salvadoran and I'm married to a Jewish-American woman. She bought this book for us to take a tour in El Salvador. Let me tell you, this is the best guide book I've ever read. It's so easy to use and it has ALL the information about this little beautiful country that you need. I even used some of the information on my website, of course with the permission from the authors. Thank you Jeff, Julian and Veronica for making this possible.

A comprehensive guidebook offering everyone from backpackers to diplomats what they need to experience the country to the fullest.

On Your Own In El Salvador is the first traveler's guidebook to cover the country inside and out. It's the book of choice for exploring El Salvador, whether you're going on your own, passing through, or just thinking about visiting. On Your Own In El Salvador includes an in-depth, clearly-written historical and cultural sections. Comprehensive travel information for cities and towns across El Salvador are included along with 47 clear and detailed street and regional maps. Dozens of culture boxes that examine every aspect of Salvadoran life, from politics to mythology. -- Midwest Book
