**William Ospina : Once Upon a Time There Was Colombia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Upon a Time There Was Colombia:

The complexity of a country in which violence and internal armed conflict coexist with enormous cultural, natural, and human riches is captured in this illuminating essay by a Colombian poet. A refreshed view of Colombia is proposed, shedding light on the possibility of a future in which the nation may become reconciled with itself. The accompanying photographs, all previously unpublished, are taken by some of Colombia's best photographers.

About the Author William Ospina is a founding board member of the Bogot literary magazine Nmero and a columnist for the Colombian magazine Cromos. He is the author of the essay collections *Las auroras de sangre*, *Mestizo America*, and *Los nuevos centros de la esfera*; the poetry collection *Poesa* 19742004; and a novel, *Ursa*.
