Simonetta Greggio : One Hundred One Beautiful Small Towns in France (Rizzoli Classics) before purchasing it in order to gage whether or not it would be worth my time, and all praised One Hundred One Beautiful Small Towns in France (Rizzoli Classics):

0 of 0 people found the following review helpful. Great way to travel to France!By RSWI've been to the south of France visiting a friend, back in 1995. Lovely terrain. When she finally returned to the USA, I bought her this book for her birthday, recently. She had been to many of the towns depicted in this book. I had been only to Avignon and Marseilles. The page depicting Avignon mentioned an arts festival she was in, while living there, several years in a row (as a dancer). So it was a special treat for her. Great place to visit in the pages of this book. As an aside, this is the only way I will ever "visit" France again.0 of 0 people found the following review helpful. ... is not big enough to just pick up and easily browse for awhileBy CairnTerrierThis book is too small in size - print is not big enough to just pick up and easily browse for awhile. The text and pictures are nice, but again, would be nice if the book was larger and easier to read.8 of 8 people found the following review helpful. Not so small townsBy DaveThe title should be "101 medium size towns and cities". I've been to several of the cities in this book and they are not the small towns/villages implied in the title. Photos are great, but I expected to see some small, out-of-the-way spots to visit on future trips, not cities of 50,000 to 100,000 plus.

A celebration of the most enchanting hamlets in France, now available in a popular format. Gorgeously illustrated as well as informative, *One Hundred One Beautiful Small Towns in France* is a tour through the pleasures of the French countryside, a place where the pace slows, locals engage strangers in conversation, and every town presents a unique set of curiosities waiting to be discovered. Whether you are an armchair traveler or a Francophile planning another trip, this volume is the guide to the hidden treasures of France that proves once and for all that the heart of this popular travel destination lies in the countryside far from the grandeur and pomp of Paris. Wander the serpentine alleyways of the rockbound coastal fishing villages in Brittany and Normandy; explore medieval masterpieces in Alsace and order flammekueche, this regions thin-crust pizza; spend a day in the Ile-de-France, the green surround of Paris, and visit the magnificent Chteau de Versailles, or the palace at Fontainebleau, a treasure trove of mannerist delights. *One Hundred One Beautiful Small Towns in France* is a map to the heart and soul of the French countryside, complete with a full appendix of restaurants, hotels, and shops to aid even the most seasoned travelers and Francophiles.

"Travel between hilltop hamlets in the Massif Central to rocky coastal fishing villages in Normandy to the standout beauty of Provence and theCote dAzur. The colour photos are breathtaking and each town has a page of information on local sites to explore, unique artworks to buy, local wines to savour and culinary delights to sample."- FrenchDesire.com"*One Hundred and One Beautiful Small Towns in France* is a stunning reminder of the rare beauty of France, a lavishly illustrated and informative tour through the French countryside and its most enchanting hamlets. . This book is magical to read and a visual delight to admire, like holding all of France in your hands."-NY JOURNAL OF BOOKS
About the Author
Simonetta Greggio was born in Italy, but her passion was always for France. She studied literature in Paris under Milan Kundera and has coauthored numerous lifestyle books, including Provence, Luberon, and La Cote d'Azur.
