Original, not a reproduction. Beautiful hand-colored map of Peru from 1822 by J. Finlayson. States and borders with other countries are demarcated in 5 bright colors. Mountains are depicted in shaded ranges, and rivers are named in great detail. Large side bars give lots of information (20+ paragraphs) about Perus history, geography, topography, economy and demographics. Image is 20 inches by 16.5 inches, with 1 inch and 1/2 inch margins respectively.
