It's supposed to be a book of drawings and there's... nothing! None, zero, zilch, nada! There are short descriptions of what the illustrations would be, if they had included them, but they didn't. Even free this dog costs too much.2 of 2 people found the following review helpful. Just Not Quite What I Was Expecting.By K. OfficerThis book may be okay for some, but not what I expected. I was hoping there would be sketches in it. For that reason, I was disappointed. This is just a listing of said

sketches with no illustrations.
