The only reason I am posting this sad review is to warn people that this book does NOT contain any illustrations. It is merely a LIST of the illustrations in the original book. This should be included in the description. I was very disappointed because the list only whetted my appetite for seeing the actual sketches. I just discovered them on Google Books, if you are interested in seeing them online.

This collection of literature attempts to compile many of the classic, timeless works that have stood the test of time and offer them at a reduced, affordable price, in an attractive volume so that everyone can enjoy them.
