Although the book itself is really cute, I was very disappointed to find that on the first page the previous gift giver wrote "Congratulations to the couple and her signature" and then on one of the pages in the book, she had also written something. I was going to give this as a gift but now can't. I understand that these are used books but the details said "condition very good" "books inspected carefully". I would assume maybe some normal shelf wear, but not writing, or it should say in the description. 0 of 0 people found the following review helpful. SO FUN! Great Book By Annmarie F. Longhito I brought this book with me on my honeymoon so that I could fill in a little information each day, so I wouldn't forget anything. It has so many nice pages to place photo's and write details about your vacation. I used my photo doubles to cut and fill every page with all of the exciting things we did. We glued postcards of the resorts that we stayed at and clippings of our ATV extravaganza. It was a fun book to fill and really captures my honeymoon experience.

A wonderful gift for the newlywed couple. A cute record of the entire honeymoon trip that includes: All about us, Our Itinerary, Photographs, How we got there, Where we stayed, Room Service Exploring the Sights, Lots of Activity, Nights out on the Town, Memorable Food, Favorite Meal, The Senses, Totally Entertaining, Shoppin' Around, Not Your Typical Tourists, Incurable Romantics, Favorite Memories of You, Getting Lost, Simply Relaxing, The people we met, Unexpected Pleasures, Good Choice, Bad Choice. Very colorful, very cute and a unique way to capture all those memories of the honeymoon. Measures: 9.98" l x 9.93" w x 0.41" h. Binding: Hardbound.
