**Agnes Deans Cameron : The New North (1909 Illustrated Edition) Being Some Account of a Woman's Journey Through Canada to the Arctic** before purchasing it in order to gage whether or not it would be worth my time, and all praised The New North (1909 Illustrated Edition) Being Some Account of a Woman's Journey Through Canada to

the Arctic:

It is customary to write a preface. Mine shall be short. Out of a full heart, I wish to thank all the splendid people of the North who, by giving me so freely information and photographs, and chapters out of their own lives, have facilitated the writing of this story. For their spontaneous kindness to me and mine no acknowledgment that I can here make is adequate. What we feel most strongly we cannot put into words. AGNES DEANS CAMERON. August, 1909.
