Lindsey Tramuta : The New Paris before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Paris:

8 of 8 people found the following review helpful. A beautiful, informative treat -By Isabel B. Borland A beautiful, informative treat - this is much more than your average guide book. Lindsey Tramuta and Charissa Fay transport us to the most magical, uncharted corners of Paris. A joy to read, and just as joyful to devour each photograph in all of their detailed glory - cozy unexpected nooks, unusual architectural details, glorious food up close and personal - all of it inviting us to pull up a chair and find our own perfect spot in Paris. Highly recommend! 6 of 6 people found the

following review helpful. Essential and enlightening!By David PhillipsAn insightful, enlightening and thoroughly delightful tour through the new cultural landscape of Paris. Ms. Tramuta's articulate, witty and sometimes wry observations on the myths and current realities of life in this glorious city are refreshing and essentially relevant. A vital addition to every Paris book collection.4 of 4 people found the following review helpful. Gorgeous eye candyBy tlee, nycLovingly researched and beautifully photographed. Reads more like a great New Yorker or Vanity Fair article rather than a straight-up travel guide. A coffee table book you actually want to read!

The city long-adored for its medieval beauty, old-timey brasseries, and corner cafs has even more to offer today. In the last few years, a flood of new ideas and creative locals has infused a once-static, traditional city with a new open-minded sensibility and energy. Journalist Lindsey Tramuta offers detailed insight into the rapidly evolving worlds of food, wine, pastry, coffee, beer, fashion, and design in the delightful city of Paris. Tramuta puts the spotlight on the new trends and people that are making Frances capital a more whimsical, creative, vibrant, and curious place to explore than its classical reputation might suggest. With hundreds of striking photographs that capture this fresh, animated spirit, *The New Paris* shows us the storied City of Light as never before.

The authors vibrant and precise command of English frames this lively collection of insights about cultural change and stories regarding multiple chefs and merchants Will it succeed? Obviously. After reading only two chapters, I booked a train ticket to Montparnasse station.
