It was a very realistic account of the pitfalls and joys one experiences while travelling,. I highly recommend it.2 of 2 people found the following review helpful. An Around the World

Tour!By CustomerWhile in their 60's and celebrating a couple of milestones, the author and his wife set off to travel the world with just their hand luggage. From India to Brazil, they visited a number of countries and wrote about their travels in diary form, with photos throughout. Complete with humorous anecdotes, moments of frustration, and engaging descriptions, Cooke and his wife share the remarkable experiences they encountered. I enjoyed Cooke's take on places I have also visited and/or lived in. I especially enjoyed India, and like Cooke, found it to be frustrating, surprising, friendly, poor, and diverse. Bolivia and Peru are still on my bucket list and I read through those chapters first and appreciated the author's accounts of their sometimes hard travels to Machu Pichu and the floating islands. A travelogue and memoir, *Old's Abroad* is a book that you can refer back to over and over and still find surprising insights about each country visited. Filled with relevant travel information, the book contains the names of good restaurants, hostels, travel companies, and tour packages. The information provided would be helpful to anyone planning to visit the same countries as the authors. I enjoyed *Old's Abroad* and recommend this informative read to anyone who plans on, or thinks about, taking time off to travel the world. It can be done, no matter your age.

Thought of going travelling? Jealous of everyone telling you about their experiences in exotic lands? Think you're too young, or too old, to do something about it? So did we. That's why we did! At 60 years old, with just our hand luggage, we travelled around the world for one hundred and fifty-three days. This book documents how, why and what happened. All taken from our day journals. The planning, destinations and accommodations. Tales from India. Road trips in Australia and New Zealand. A jungle homestay in Fiji. Overland adventures across South America in Chile, Peru, Bolivia and Brazil. Please join us for the fun, excitement, scares and near disasters.
