Great suggestions, comments, pictures, etc. for knowing a little more about Paris before actually going there! I am going on another trip there soon, and definitely am going to be more abreast to different places in Paris that I didn't get to go to the first time! This book is very helpful and easy to read and beautiful pictures to review! I recommend this book to those who are planning a trip over to Paris or even

those that aren't but want to know more about Paris! You won't be disappointed! ENJOY!!! 3 of 3 people found the following review helpful. Good for decorators but not for others By Mary A. O'callaghan Not what I expected. Not much useful info unless you are a decorator. I was looking for shops that sell clothes, shoes, accessories - not furniture and wallpaper. Very disappointed 1 of 1 people found the following review helpful. Great book for study abroad! By Debbi I am studying abroad in Paris this summer and I was looking for a book to give me ideas of fun things to do in my free time. This book is PERFECT and I cannot wait to see all of the amazing places the author talks about! It was also just published in 2015 so everything is incredibly relevant. Thank you for creating this book!
