**Jill Norman, Maria Victoria Alvarez, Pepa Roman de Olins, Amparo Lallana : The Penguin Spanish Phrasebook: Fourth Edition (Phrase Book, Penguin)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Penguin Spanish Phrasebook: Fourth Edition (Phrase Book, Penguin):

6 of 7 people found the following review helpful. 3 Columns. Topics. No color print. Basic OK. By John M. Patton Most of book is a 3 column layout of the English, the Spanish, and the pronunciation, on each horizontal. Topics are used, such as Communication, Money, Signs. Book seems to be on recycled nonglare paper for environment. It

looks almost like paperback novel inside. Book shows thought, but is not "pretty": no photograph or color printing is used. Book is intended for pure beginner, as they say. But it does have phrases, not just words. My very large pocket safari shirt holds its width: about 4.3 inches wide, 6.25 inches high (top out of my big pocket), one inch thick, and 352 pages total. Bold print is used only for irregular stress in the pronunciation print, but Spanish itself shows that irregular stress by Spanish accent mark. I would prefer bold type on every stressed syllable, regardless of regular or irregular stress, since it is fairly easy to do that and quick to see for a beginner tourist. European Spain pronunciation is shown, but they remark how basic pronunciation would be modified for Americas. Type size is readable compact, but not tiny. Cover is as shown on : guitar, dancer, fan drawings, not tourist site photo. I think Cover should say "4th Edition", (of 2013), instead of "New Edition". For me, the best aspect is that this Book is part of a series of Spanish, French, Italian, German, so one with all 4 books could compare rather quickly the same Topics and basically the same sentences in each language book. Book is ok, but maybe it could be smaller width for the pocket size, or use color, or some buyers might prefer a bit longer book with even more words. 0 of 0 people found the following review helpful. Perfect book for learning basic spanish By Grungy Perfect book for learning basic spanish! It has pronunciations as well as alphabet and numeric systems. Its perfect for traveling or just for basic knowledge of the specified language. 0 of 0 people found the following review helpful. Fantastico! By Roseanne I got the Italian book by this same company while traveling to Italy and found it very helpful. This one will be invaluable while in Spain this year. It is organized well for the situations you may find yourself in and boils it down to basics to use effectively!

This newly revised and updated Spanish Phrase Book contains a wealth of useful words and phrases for travellers. The book includes basic grammar, a pronunciation guide and additional vocabulary, and is clearly presented in the perfect pocket size, in a clean and simple look.

About the Author Jill Norman speaks several languages and has travelled widely. Jill also created the Penguin Cookery Library in the 1960s and 1970s, bringing many first-class authors to the list. She has since become a Glenfiddich Trophy winner in her own right, and is a leading authority on the use of herbs and spices. She is the literary trustee of the Elizabeth David estate, and worked with Mrs David for many years.
