After buying some disappointing books on photography on , I am glad to get one that more than meets my expectations. Very well written.Great photos. Author clearly knows New Mexico.3 of 3 people found the following review helpful. Helpful hints for photographers in New MexicoBy Margaret L. GriffinThe book was organized very well and easy to use. Excellent photographs in the book. Each site was described, usually with some historical information. Most site descriptions were accompanied by a photograph with helpful hints: (1) best time of day and angle from which to photograph the site, (2) best season of the year to visit, (3) specific directions on how to get to the site.0 of 0 people found the following review helpful.
