Brian Waksmunski : The Pirates of Ipanema before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Pirates of Ipanema:

2 of 2 people found the following review helpful. One of the most interesting true stories I've read for a long time By Gray Wolf This book is awesome! Its 254 pages but I read it in only three days (It usually takes me months to finish a book.). Its a very fast and very, very interesting read, with the best part being that its a true story. The various characters, varying circumstances, and colorful/comic/tragic events are described so vividly that I experienced a wide

range of emotions, most notably a tinge of sadness because it had to end (both the hostel and the book). I guess there can't be a Part II but hopefully there can be some kind of sequel. I would recommend this book to anyone who, through whatever kind of search or system-generated recommendation, is lucky enough to come across it. 2 of 2 people found the following review helpful. are you a traveller or a vacationer? By CustomerRio sun blazes
The cachaa flows freely;
Hammock cool in shade
Piratas de Ipanema, A haiku by David Morcega
The book is excellent, a witty, humorous and compelling read that encompasses the excitement of moving to a new country and encouraging people to truly find what they never even knew they were looking for on their travels. Meet the locals, the sordid travellers, the hardened backpackers and more. After you finish you'll feel like you've been there yourself and you need to go back! 2 of 2 people found the following review helpful. Buy this book or forever live in regret. By Just Wondering
The next best thing to being lost in the world is to be lost in this book! This first hand experience is the closest most people will get to truly get to the chaos, joy and excess that was and is the Pirates of Ipanema. The cast of characters in Pirates are too outlandish to be inspired by anything else than real people. This is a great story, a really fun read and at the end you will find yourself asking. Am I "Piratas Material"? Jiu-Jitsu Jay

Every traveler sets out driven by different desires. Some are simply hoping to explore and enjoy the world's wonders, snag some souvenirs, snap some photos and safely return home, with one more pin in the map... this is not a story about them. There are others, you see... drifters, vagabonds, tramps and hustlers, not to mention runaways, vultures, sex addicts and saints, who creep along the fringe of the backpacker culture, barely noticeable at a glance, never outnumbering the hordes on holiday... except in one legendary locale, where- for a while- the laws of the trail were defied. This is a celebration of that moment, a tribute to the cast of crazies behind the curtains, and an inquiry into the methods and motivation of the modern traveler.
