Gabrielle Euvino : The Pocket Idiot's Guide to Italian Phrases, Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pocket Idiot's Guide to Italian Phrases, Second Edition:

The best little book for learning ItalianBy njbI have several reference books for Italian and this one is my favorite because it is succinct, delightful, fits easily in my handbag and contains much more than just a bunch of phrases. My goal is to be able to communicate in Italian, and I want to learn the language rather than just look up/memorize canned phrases. It is useful for quickly looking up how to say something, but what I like best is that it also teaches the basic structure and other language elements that give me more confidence in constructing my own phrases. Ms. Euvino took all the most useful parts of a full Italian language course textbook and put them into this handy pocket guide. It is a wonderful learning companion - bellissimo!0 of 0 people found the following review helpful.
