Since our whole family is interested in doing mission work with our church, and most of our trips are to Spanish speaking countries, I really want to put an effort into my continuing study of the Spanish language. This book is the best thing I have ever seen. It is re-emphasizing all of the things that my teacher taught me at language school, and makes them even more clear. I am buying an additional copy for my husband so I don't have to share. This book is a keeper that will be with me when I travel.0 of 0 people found the following review helpful.
