By Midwest Book Review
This isn't another 'where to go' book on skiing, but a passionate documentation of a road trip from Colorado to Alaska in search of the best ski experience ever. Four friends undertook the journey in 2005 during winter, driving pickups towing skis and snowmobiles north, stopping in classic ski towns along the way. Their search for the ultimate ski experience is an armchair travel read packed with excitement, characters, and high adventure.

By G. Pascal
This is a fantastic skiers road movie arranged in photographs and text. It contains the moving spirit and enthusiasm of the team, the simplicity and pureness (figuratively) of this trip as well as the story of people and friendship.

The Powder Road documents the dream of ski travel. It's the story of a road trip from Colorado to Alaska in search of the best skiing on earth. In February of 2005, with rumors of a big winter in Alaska, four friends left Boulder, CO, driving pickup trucks towing four-stroke snowmobiles and skis. The caravan moved northward and stopped in classic ski towns like Aspen, CO, and Jackson Hole, WY, before crossing the American/Canadian border and into the beautiful ranges of British Columbia and Alaska.
