This is the same lousy text you can get for free from archive dot org -- optical character recognition that's no better than the usual run, and with no attempt made to correct it. Charging even a buck for these things being given away on the internet is close to a fraud. Once you've bought it here, your copy is locked into the rigid system of proprietary viewing. It is a very bad idea to get this sort of junk. Luckily it cost very little to find that out. The book is indispensable. This edition is silly rubbish.

Excerpt from *The Putumayo, the Devil's Paradise: Travels in the Peruvian Amazon Region and an Account of the Atrocities Committed Upon the Indians Therein*
The extracts from Sir Roger Casement's Report, which form part of this work, are made by permission of H.M. Stationery Office. Acknowledgment is also made for assistance rendered, both to the Rev. J. H. Harris, Organising Secretary of the anti-slavery and Aborigines Protection Society, and to the Editor of *The Truth*. Portions of Mr. Hardenburg's accounts have been omitted, and some revisions necessarily made, but the statements of adventures and the occurrences remain as in the original and stand upon their own responsibility. The unpleasing task of editing this book - which stands as perhaps the most terrible page in the whole history of commercialism - has been undertaken in the hope that permanent betterment in the condition of the unfortunate aborigines of South America will be brought about.
