Frédéric Regard : The Quest for the Northwest Passage: Knowledge, Nation and Empire, 15761806 (Empires in Perspective) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The

Quest for the Northwest Passage: Knowledge, Nation and Empire, 1576-1806 (Empires in Perspective):

These essays trace the history of the British search for the Northwest Passage the Arctic sea route connecting the Atlantic and Pacific oceans from the early modern era to the start of the nineteenth century.

'This volume brings together essays devoted almost exclusively to what Britons, and later Americans, wrote about their search... The essays here reward close reading.' *Renaissance Quarterly*
