Jan Dodd : The Rough Guide to Dordogne the Lot before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to Dordogne the Lot:

1 of 1 people found the following review helpful. Time for an updateBy Roland StoneThe Rough Guide and similar guides have not figured out that they need to republish more frequently -- say, every year -- in order for their recommendations and descriptions to be relevant. Also - need WAY more practical information for me to carry this heavy book around. Overall, the book needs to not pretend that their only audience are Millennials who love tiny print

because they style of the book is definitely not millennial. Needs a re-think and re-editing. 1 of 1 people found the following review helpful. Great guide! By Orchidmom Great guide, gives good sense information. Just what you need to plan your trip and decide what you need to see and what you can skip. It doesn't always agree with the Michelin ratings, but that's to be expected with ratings. 2 of 2 people found the following review helpful. Tremendous help in planning a trip to the region By Marlene M Full of information. Tremendous help in planning a trip to the region. The area offers prehistoric stone painting and medieval chateaux

This guide to the Dordogne and the Lot features coverage of diverse sites (cave paintings to abbeys), details of regional activities, and reviews of the best places to stay, eat and drink in all price ranges, from campsites to chateaux.
