Lexus, Rough Guides : The Rough Guide to Egyptian Arabic Dictionary Phrasebook 2 (Rough Guide Phrasebooks) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rough Guide to Egyptian Arabic Dictionary Phrasebook 2 (Rough Guide Phrasebooks):

0 of 0 people found the following review helpful. Decent Phrasebook. By Customer This book advertises itself as an Egyptian phrasebook, and that's exactly what it is. There are a couple of brief sections that discuss the language and give some common phrases, some accompanied by Arabic script which is nice, but mostly it's a small Arabic-English, English-Arabic dictionary. It seems like it would be a useful reference tool, but certainly not the sort of book that

would help you learn the language. Egyptian Arabic is one of the tougher dialects, in my opinion, because it's a bit further from standard Arabic than some of the versions spoken in other parts of the Middle East, so a book like this is definitely useful. I've seen a couple other phrasebooks like this one, but this one seems to be one of the better ones. If you are looking for a compact and affordable reference book to carry around, this one is worth checking out. 0 of 0 people found the following review helpful. Life Saver By pibooks I have worn this book out! I purchased this over 8 years ago so that when I traveled to Egypt I would be able to at least speak a little of the language. People were very surprised at the amount of words that I did know. It has come in handy over the years when speaking with friends and they don't understand something I am saying in Arabic. Highly recommend it if you are looking for a good tourist language dictionary and phrasebook.... 0 of 0 people found the following review helpful. For the most part, it's good By Linguist2be There are a few minor things I'm not fond of in this book, but for the most part, it is good. I like the fact that the author uses Arabic as well as English in the phrasebook. And he teaches some basic expressions as well as what I call "tourist Arabic" (where's the nearest restaurant?) I would recommend this book, it is good, and it's useful. But I'd still be more inclined to recommend the Lonely Planet Egyptian Arabic phrasebook.

Make new friends with the help of the revised Rough Guide Egyptian Arabic Phrasebook. Whether you want to book a hotel room, hire a car or check the local bus times, this pocket-sized phrasebook will have you speaking the language in no time. Laid out in a clear A-Z style, the third edition includes 16-pages of additional scenario material. The scenarios - recorded by native speakers - are available to download either to your computer or iPod ideal for practising your pronunciation. There is a detailed grammar section and a helpful menu and drinks list reader, perfect for choosing the right dish in a restaurant. With this phrasebook in your pocket you will never run out of things to say - reHla saAeeda!
