The city sections are not very big so if you spend more than 5 days in a large city, you won't have enough information in this book to cover your adventures and will need to seek outside local sources. That said, it was convenient and updated (for Bolivia at least), which was a HUGE PLUS.

Hopefully the next version will include more maps and some easier page skips in the digital version. 3 of 3 people found the following review helpful. Two Stars By Disgruntled College Student No readable maps. Lack of enthusiasm on behalf of the writer. I had to go and buy another guide. 0 of 0 people found the following review helpful. Use it!
