Rough Guides : The Rough Guide to Southeast Asia On A Budget before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to Southeast Asia On A Budget:

2 of 2 people found the following review helpful. Helpful during my SE Asia trip last yearBy KennyJAlthough most backpacking veterans say leave the guidebook behind, I wanted to be prepared so I bought something that would encompass many SE asian countries into 1 guidebook. Gotta save space rightDuring my travels I found it helpful in general esp like what routes to take in each country, "tourist" spots to check out, city maps and background on different areas. Its a good time killer reading as you ride the loong bus rides from one place to another. Helps prepare

you somewhat without going into a new city or country blind. Like many guidebooks, the information can be outdated. So it's best to use internet while out there or ask other travelers for tips. I kept this book at the end of my 4 month travels and left it in the last hostel so another backpacker could use it. 5 of 5 people found the following review helpful. Waste of money... By HHughes I love the Rough guides. And I knew I shouldn't have bought this book. It does skim over all of the SE Asian countries - but, given the requirement of fitting all this info into one small book, does so with such brevity as to render it entirely useless. My advice to myself and everyone else - don't buy this "comprehensive" version, buy books for individual countries, even if you only spend a couple of days in each. 1 of 1 people found the following review helpful. Alternative to Lonely Planet. By Dr Yo-Yo 25 cities and 4 countries over 7 weeks- this was a great find. Lots of places that were not in Lonely Planet, so felt we had an inside track. The bright beautiful pictures were a nice touch. Our friends also made good use of it also.

The Rough Guide to Southeast Asia on a Budget is the ultimate guide for budget-conscious independent travelers visiting this fascinating region. Updated by young, enthusiastic writers, the guide has detailed practical information that will help readers make the most of their time and money, whether it's taking a slow boat down the Mekong, or catching the "Jungle Railway" through Malaysia's interior. Our extensive coverage includes all of the most popular Southeast Asian destinations, alongside less "discovered" places, with information on getting off the beaten track whether to hike through the rain forest, visit remote hill tribes or just find a quiet stretch of white sand. The itineraries provide a great starting point for travelers to the region, while the "Ideas" section focuses on some of the region's many highlights, illustrated by beautiful photographs. The Rough Guide to Southeast Asia on a Budget is a must-buy for anybody traveling extensively in Southeast Asia.
