Fawzia Rasheed de Francisco : The Rough Guide to Travel with Babies and Young Children, 1st Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to Travel with Babies and Young Children, 1st Edition:

12 of 13 people found the following review helpful. Nothing specialBy B. SantaroI've traveled, sans, with, and as a

child, and have a multicultural international family so that might bias me, but I didn't find this book to contain any advice that was extraordinary. For those who are visiting someplace far and unfamiliar, some of the information regarding basic customs might be useful, but do parents really need to be told to bring items to entertain kids, or that trains and airports can be interesting place for kids to explore within reason and supervision. This has more common sense broad advice, not detailed from the trenches this is what to do in this location information, and it glazes over broad areas. If you desire something more specific or hidden ideas for actual situations and products look elsewhere. 0 of 0 people found the following review helpful. Good information By Marcia R. Judd Good things to think about. Most are common sense but it helps to be reminded of some of the little things! 0 of 0 people found the following review helpful. Travel with Youngens By Jane Good book. Arrived quickly. Fun and gives you ideas for your travel with young ones. Good choice to purchase if you're planning a trip.

From pre-trip planning to pre-empting and dealing with challenges when away, *The Rough Guide to Travel with Babies and Young Children* is the ultimate comprehensive guide to hassle-free family travel. With the low-down on everything from planning your itinerary and accommodation to what to bring and how to pack it, the guide is packed with tips on painless travel by plane, car, bus or train, as well how to deal with delays, queues and travel sickness. Insiders tips from destinations all around the globe ensure you'll know what to expect when you arrive. You'll find thoroughly researched and accessible advice on coping with the challenges once you're there, from eating out with toddlers to getting enough sleep. Ideal for busy parents, the guide comes complete with listings of resources, websites and further reading, plus handy checklists, first-hand stories and advice from travel industry experts and parents who've been there and done it.

This guide amply makes the case that, with proper preparation, globe-trotting can have a transformative effect on the whole family. --Chicago Tribune This down-to-earth resource for traveling with tykes offers the ultimate blueprint to plan a relatively snarl-proof trip... [D]e Francisco's commonsense, psychologically insightful narrative is an A-to-Z list of travel suggestions and to-dos, from planning, paperwork and packing to tips on traveling by jet, car or train. This guide has you covered from the moment you settle in for your holiday to daily activities and challenges parents face when shepherding children. --Book Page About the Author With a doctorate from the London School of Hygiene and Tropical Medicine, Fawzia Rasheed worked as research scientist with the Medical Research Council (UK) before working in the UN as a Senior Policy Adviser. In the course of her travels and work, Fawzia has taken her children along wherever possible. Her eldest son started his travels at 6 weeks and celebrated his first birthday on his fifth continent.
