**Karl Luntta, Natalie Folster, Rough Guides : The Rough Guides' St. Lucia Directions (Rough Guide Directions)**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rough Guides' St. Lucia Directions (Rough Guide Directions):

13 of 13 people found the following review helpful. Great info, prices need to be updated  
By Andrew Miller  
We just returned from our trip to St Lucia, and this guidebook was invaluable as we planned our vacation and explored the island. It has great reviews of most, but not all, restaurants, lodging, and activities. It has beautiful color and black-and-white pictures throughout, and it's compact size makes it great for taking along with you. It's hard to find much travel information about St. Lucia on the Internet (besides the major resorts), so this guidebook was great. The one problem is the prices it lists for things are either out-of-date, or they got their EC (Eastern Caribbean, the local currency) prices mixed up with their US prices. For example, entrance to the Diamond Botanical gardens was listed as 7 EC, and it was 12.50 EC. Dinner at the Treehouse restaurant at Anse Chastenet resort was listed as 40-80 EC, and it was more like 120-220 EC. Dinner at Mango Tree restaurant was listed as 30-40 EC, and it was more like 65-130 EC.  
4 of 5 people found the following review helpful. Rough Guides are fine tuned!  
By Stanley North  
This was a wonderful guide book to have before and during our recent trip to St. Lucia. It one of a series of guide books. I'd recommend it or any of the other Rough Guide publications based on my experience with this one. We were inspired to take a lot of hikes and go to good snorkeling places we probably would not have found on our own on our 5 day visit to St. Lucia.  
0 of 0 people found the following review helpful. Thorough and useful.  
By BusyMom  
This was my go to guide in St. Lucia.

Slim, stylish and pocketable, Rough Guides Directions St Lucia has all you need to get the most out of your trip to the island. Pirate hangouts, glorious beaches and lush rainforests are all covered in detail, as are the bustling Castries and the many nature reserves. The guide's hand-picked accommodation and eating recommendations cover all the main resorts and inland villages, revealing plenty of hidden gems, all indicated on a series of useful maps. With a full-colour section packed with suggestions for things to do and see, from spectacular snorkelling to local festivals, you'll never be stuck for ideas.

About the Author  
Karl Luntta is an experienced Rough Guides author and writes regularly on St Lucia for numerous publications. He is a newspaper columnist and has published fiction in International Quarterly, Baltimore, North Atlantic, and others. Natalie Folster is an experienced travel writer and journalist and regularly returns to St Lucia.
