**Dee Maldon : The Solo Travel Guide: Just Do It** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Solo Travel Guide: Just Do It:

Do you want to travel, but your friends or family don't? So why wait? Travelling alone is better than never travelling at all. In *The Solo Travel Guide: Just do it* we give you suggestions on how to plan, how to cope when you are at your destination alone, how to stay safe and even some suggestions on where to go - good destinations for the solo traveller, places with wonderful things to see but where you will not stand out from the crowd. We also offer inspiration - snippets from those women who set off alone centuries ago without a guide book, a mobile phone and very little advice. Travel well - but just do it.
