Harris on his exciting and unpredictable travels. The book captures the meaningful and intentional spiritual journey of pursuing the truth about a relationship with God. It was insightful, thorough, and stimulating. Well written and I highly recommend it. 0 of 0 people found the following review helpful. A journey through the world and into the heart of an amazing young man. By yvonne omer What a wonderful read! It was an education, entertaining and gave true meaning to the essence of following the Christian faith. I had a hard time putting it down as I waited for the next adventure. Loved the movie, book and music references, not to mention the cartoons! If we all can't experience such a journey we can live it vicariously through Dr Harris. Lots of food for thought! 0 of 0 people found the following review helpful. This book was amazing.. If you ever wanted to know what ... By Donna Gorton This book was amazing.. If you ever wanted to know what it would be like just to travel around. This is a must read.. Very candid and well written with lots of good advice about what to expect and not expect in some other countries.

This memoir and travelogue chronicles one mans search for direction and meaning of his life. George W. Harris, DC, walks, drives, and hitchhikes his way among many different cultures and faiths in an effort to find a spiritual direction. He generously shares his trials and tribulations to help others with their own journeys. Harris grew up in the Greek Orthodox church and spent time in a Baptist congregation. As a child, he had absolute faith in the existence of God, but he became more and more disengaged with the church as he left high school. As he searches for a faith community where he can belong, a new passion emerges in Harriss life: travel. It is out on the open road that he truly confronts his anxieties about the ultimate issues of life. Along the way, Harris ponders his relationships and the search to find a companion for his lifes journey. His adventures lay bare the superficiality of his dating life and help him understand what he is looking for in a partner. Will Harris find the truth hes seeking? Will he find his soul mate? Hop in the passenger seat of his 1971 Volkswagen van to find out. Its a beautiful day for a road trip!

About the Author George W. Harris, DC, is a doctor of chiropractic in Southern California. He was born and raised in the suburbs of California and attended California State University, Northridge (CSUN), and the Los Angeles College of Chiropractic. Harris has written about his travels and adventures for Lonely Planets Africa on the Cheap. He is also an avid jazz enthusiast and journalist (and he plays the tenor sax and clarinet), has written for All About Jazz and presently edits the website www.jazzweekly.com. Harris is devoted to teaching and mentoring in his church and has written a two-year curriculum for fifth-and-sixth-grade Sunday school. In his spare time, he enjoys camping, hiking, whitewater rafting, and visiting battlefields. Harris has a wife, two daughters, and two granddaughters. He enjoys spending time with his family.
