GunnWonderful!5 of 5 people found the following review helpful. SpringsBy Michael S. GeoghaganA great book if you would like to take a "spring" vacation. The history is excellent but the location and description of each spring is worth the price.

Many rare underwater photographs, many of unique underwater species. Detailed descriptions and maps of Florida's major spring parks, including Silver Springs, Weeki Wachee, and Wakulla Springs. A must-have for canoeists,

kayakers, divers, and snorkelers.
