They do NOT update when road construction changes streets. I found this guide invaluable when I moved to Portland. I don't think I could have made it without it (!). Portland is a confusing enough city to drive around in as it is (understatement!). My print outs of Mapquest got me lost more than once...then what to do? I don't have a GPS and wouldn't want one after all of the bad reviews I've heard (and they are NOT cheap!). I've been using Thomas Guides for many years as I've had a sales job that kept me on the road full time and needed to know the main highways for gas stations, restaurants, hotels, etc. My Thomas Guide my AAA book have always gotten me where I need to go. I even keep my old guides in my car "just in case" and have never been sorry.0 of 0 people found the following review helpful.
