The Times UK : The Times Comprehensive Atlas of the World (The Times Atlases) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Times Comprehensive Atlas of the World (The Times Atlases):

4 of 4 people found the following review helpful. The best Atlas ever!By John LarsenThis World Atlas is beyond the best I've ever seen! I highly recommend it and I wouldn't wait to give it as a gift but get this awesome work and you'll not regret it! Absolutely wonderful in every way wether you're looking for a locality in Uganda or Mexico or Iowa!

You'll find it in this one of a kind Atlas! The very, very best!5 of 5 people found the following review helpful. This is an excellent atlas but falls short on maps of the United ...By Barry MitchellThis is an excellent atlas but falls short on maps of the United States. I would probably go with the National Geographic if I had to buy again.0 of 0 people found the following review helpful. Five StarsBy Marion M. GiuffriaBest atlas ever

Complete with a slipcase, the latest edition of the world's most prestigious and authoritative world atlas The Times Comprehensive Atlas of the World continues to be the benchmark of cartographic excellence, relied on and trusted by governments, media companies, and international organizations around the world including the UN and the European Commission. New features include a double page map of the Arctic Ocean, new maps of sub-ice features in the Arctic Ocean and the Antarctic, and physical maps of all the continents. Major updates include 5,000 place name changes, most notably in Iran, Japan, Brazil, South Korea, Taiwan, and Spain; a beautifully illustrated section on current issues from climate to economy; updated national parks and conserved areas including the Kavango Zambezi Transfrontier Conservation Area (KAZA TFCA), the largest conservation zone in the world; and towns and populations in Brazil and Japan. Other updates include the realignment of the international boundary between Burkina Faso and Niger resulting from the International Court of Justice decision; the addition of Brussel as an alternative local name form for Brussels as the city is officially bilingualnow shown as Brussel/Bruxelles; new administrative structures in Burkina Faso, Cote d'Ivoire, Democratic Republic of the Congo, and Madagascar; and the addition of more than 50 major waterfalls.

"The ultimate starting point for planning any adventure or expedition . . . by far and away the greatest book on earth."
Sir Ranulph Fiennes, author, Race to the Pole
