**Brian Yarvin : The Too Many Tomatoes Cookbook: Classic Exotic Recipes from around the World** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Too Many Tomatoes Cookbook: Classic Exotic Recipes from around the World:

1 of 1 people found the following review helpful. A much needed very good tomato recipe book By glapha Around the world tomato recipes. Great cookbook but only if you love tomatoes. Wonderful new recipes that I can't wait to try. Brian loves to explore recipes handed down from generation to generation from different ethnic neighborhoods in the U.S. I've bought a few of his books and have always been surprised at the depth of his research and his love of finding the perfect recipe. His cookbooks are also entertaining and informative. I've made a number of his recipes and have never been disappointed in the results. 5 of 5 people found the following review helpful. Just what I needed! By Kristy L. Murphy I have a good size garden with 9 tomato plants. Since I have access to all the manure I could ever wish for my plants are always well fertilized. That means my tomato plants go nuclear reaching 7ft tall and bearing many fruits. I can only give so many away or eat them the usual way. This book helped me make the most of my harvest by giving me fresh ideas and new recipes. I especially like the Tomato Soup recipe, simple and tasty! Well worth the money buying this book if you grow your own. 3 of 3 people found the following review helpful. Beautiful By Aylady Local tomatoes are coming in now, and I am ready. Wonderful book. some standard recipes, but lots new to me. I am anxious to try them all. There are also great recipes for preserving tomatoes.

This new cookbook from the author of A World of Dumplings features over 100 easy-to-follow recipes for everything from down-home fried green tomatoes and classic ketchup to spicy gazpacho, and even sweet and succulent desserts.

Yarvin also includes basic instructions on how to process and preserve your harvest. The tomato bases that you create will provide the basis for many of the recipes featured in the book. Vibrant photographs accompany recipes for salads, side dishes, soups, meat, poultry, and fish dishes, pizzas and calzones, salsas, and sauces that span the globe. 224 color

About the Author Brian Yarvin is the author/photographer of several cookbooks, including *A World of Dumplings* and *Too Many Tomatoes* (both Countryman). He lives in New Jersey.
