I am looking forward to putting the advice and tips discussed in this book into action so that I can fulfill that dream. I would recommend this book to anyone! I recieved this book in exchange for my honest and unbiased opinion.0 of 0 people found the following review helpful. GreatBy JBI would love to go to the UK someday but I never had an idea on how to save money. This

book has definitely given me advice and tips on how to save money before the trip and during. It's actually a good guide for saving money and traveling on a budget really regardless of where you're going. 0 of 0 people found the following review helpful. I bought this book for him and he loved it. He said that it taught him how ...By Sabrina A friend loves to travel and he loves to save money. I bought this book for him and he loved it. He said that it taught him how to save money.

This book contains proven steps and strategies on how to become a truly smart traveler with a mind to explore and experience exciting things under the budget. Budget-traveling is important if you are a young and daring traveler who wants to make a mark in different parts of the world. Here's an inescapable fact: you will need to know about the country's culture, people and their way of life to blend into one of them and enjoy the best the country has to offer. When you do that on a budget-conscious basis, you can end up saving a lot of money which you can use for later splurges. If you do not develop your ability to plan and execute a budget-conscious travel experience, you might end up wasting a lot of your money in unwanted and avoidable expenses. It's time for you to become an amazing traveler with a knack of enjoying a trip under your own budget. So, pack up and get ready for an adventure of a lifetime in the United Kingdom.
