From the Author: I've read many websites and books that provide suggestions of ways to save money at Disney. My issue with many of those money-saving "tips" has been that they seem to forget that, when you're at Disney World, you're also on vacation. If I were to follow their suggestions, I wouldn't have near as much fun at Disney. I don't think you and your family would either. I'm not going to suggest that you eat every single meal in your hotel room. I'm not going to encourage you to go to the fixins' bar in Cosmic Ray's Starlight Cafe and make a lettuce, tomato and ketchup sandwich for lunch. I would never buy a double cheese-burger and then ask for a second bun so that I could make another burger out of it. I'm also not going to spend a lot of time focusing on the small ticket items that would probably only save you a dollar or two here and there. I'm going to help you save on your big ticket items such as flights, park admission tickets, hotels and food. As mentioned, everything that you will read in this book I have personally used and will continue to use on my future trips. Remember: When you're at Disney World, you're on a vacation. The purpose of vacations is to relax, get away, spend time with family and friends, and make memories that will last you a lifetime. If you're continuously worrying about the major costs of your trip, you won't have as much time to focus on those things. That's what this book is going to help you with. After you've finished reading it, my hope is that you are inspired and excited about the idea of planning your next family vacation to Disney!
