From Rand McNally : The Ultimate NASCAR Road Trip Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate NASCAR Road Trip Guide:

1 of 1 people found the following review helpful. nascar atlas 2008By CustomerThe nascar atlas was given to my sister who is a real fan of racing. She loves this book. I found it pretty interesting myself. The atlas gives information about different nascar tracks, the surrounding area, maps of the areas, camping and recreation activities near the selected track etc. Very good item for the nascar fan who intends to travel the circuit or simply wants to know about the various tracks.1 of 1 people found the following review helpful. Great road guide starting pointBy Mark I. MooreThis book is a great addition to the traveling NASCAR fan's guides. We traveled to several races in 2009 and this book came in handy several times. This is a great starting point for any trip to a NASCAR race.
