and they were very appreciated. This book gives you an idea of what a short 4 day trip to Jerusalem might be like.0 of 0 people found the following review helpful. Five StarsBy CustomerA good read! Short but effective! I recommend it unreservedly.1 of 1 people found the following review helpful. Short but fun to read.By Kindle CustomerA quick read but I enjoyed it very much. The photos made it all so real. I feel like I have now been there myself but I want to go again.

A light-hearted and fast moving travelogue. When presented with an opportunity to visit Israel for four days, Shirley decided it was a chance she could not turn down. It would mean sightseeing on her own - a daunting task for this woman in her mid fifties with a terrible sense of direction. She decides to cram as much as possible into her short time there with some amusing and exhausting consequences!
