Munson My family just took our first trip to Disney World, and this book was an invaluable resource for us. From show times to fast passes, this book has everything that the Disney traveler will need to know. My wife started using this book about six months before our trip, and by the time we left, it was loaded with post-it notes, dog-eared pages, and highlights. Everything the first-time Disney visitor could want to know is in this book. We got great tips on dining, hotels, attractions, and other things to expect, such as wait times for the best rides. Helpful maps are included as well as recommendations on how to spend your time at each of the Disney parks. I give this great book my highest recommendation. We couldn't have survived Disney without it! 0 of 0 people found the following review helpful. Planning a spring 2018 trip By Jessica Phipps Planning to go April 2018, so got this to start my planning. Had some great suggestions. Potential scary or motion sickness labels on rides is helpful for what to plan to see, and how. Looking forward to a more relaxed trip now thanks to this guide. 0 of 0 people found the following review helpful. I read the first 2 sections of this book and ... By victoria c. I read the first 2 sections of this book and learned so much! who knows what else I could have learned if I had the time to read the whole thing!
