Gill Doherty : The Usborne Internet-linked Children's World Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised The Usborne Internet-linked Children's World Atlas:

A new edition of this modern world atlas with 60 pages of maps. Features an introduction to each continent, satellite photography of the Earth's most dramatic landscapes, and a gazetteer of facts about the countries of the world. Includes internet links to a wide range of recommended websites.
