**Dr. Randall D. Smith : The Via Dolorosa: Following Jesus in Jerusalem** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Via Dolorosa: Following Jesus in Jerusalem:

0 of 0 people found the following review helpful. Great guide for walking Via DolorosaBy CustomerConcise, but ideal as a companion to look for and explain each Station. The inclusion of a map would be great.

Walking the streets of the Old City of Jerusalem can be a delightful feast for the senses. The sound of the bustling

crowds, shouts of street vendors and the noise of children playing in the alleys can pull the pilgrims attention away from the unusual mixture of the sacred and the mundane that are infused into the life of this city. There is no place where this mixture is more profound than the Via Dolorosa a lively street where pilgrims and shoppers cross paths like to streams that flow, joining together and breaking apart again. Following the pathway of this stone-laden street this booklet can accompany your journey to offer insights into the history of each place, as well as help you understand the development of the whole experience. It is also helpful in recalling that journey when you have already experienced it. The booklet was based on the notes taken from Dr. Smith's guide instruction class for Israeli and Palestinian guides.
