Opher Goodwin : The voyage to the end of the world before purchasing it in order to gauge whether or not it would be worth my time, and all praised The voyage to the end of the world:

This is the story of a fabulous voyage to South America in 2016 on a two-hulled icebreaker called the Marco Polo. Amusing tales, beauty, observations, social asides, photography, politics and the wonders of nature - it is all there. And more. Rio De Janeiro, Buenos Aires, The Falkland Islands, the magic of Magellan's Strait plus a dozen more wondrous

destinations. The day of the albatrosses, the boobies, petrels, penguins, skuas and frigate birds; the sea-lions and the whales - all the ingredients of a fabulous voyage.
