**Barbara Spring : The Wilderness Within** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wilderness Within:

1 of 1 people found the following review helpful. The Wilderness Within shows Beauty within!By Deven VaskoBarbara Spring shows all who will take a moment to ponder her poetry the beauty that is within, without and all around us in our natural world and our more ancient traditions. Spring takes her experiences and her knowledge of the

human race's cultural richness and weaves the two into a lyrical experience for her readers. I highly recommend *The Wilderness Within* for everyone. This little jewel has something for the well read and the novice. Reviewer name: Deven Vasko of Betsie's Literary Page @ [...]

These poems, along with a few travel stories, are a joyous form of word play that embodies life itself. The poems range from the Great Lakes, to Africa, to the Galapagos, and Mexico. They go places never visited before.

*The Wilderness Within* is elegant in style and profound in feeling. -- Sherry Russell, reviewer *Intriguing Authors* There is an exceptional understanding and love of the natural world expressed in these poems and essays. -- Chesil, editor *PW From the Inside Flap* They just keep coming, these poems. Some poems arrive from mysterious places I have never been before. Many enter in from the Great Lakes region where I live. Others come home with me in my suitcase after traveling. I have included some travel stories that go with certain poems. Places, friends, family, birds fish, flowers, stones, lakes, rivers---and the unseen world enter these poems in unexpected ways. All of these weave together into the fabric of life itself. These poems shimmer at the threshold where inner and outer worlds meet. About the Author Barbara Spring lives near the shore of Lake Michigan. She draws inspiration from the natural world and its interesting peoples. She is the author of a non fiction book, *The Dynamic Great Lakes*.
