It was held together with glue, tape, rubber bands! So I decided to see if by chance there was a similar one on . I am very, very HAPPY to have found this most useful and functional book!! Spell check on the computer is not always helpful If you do not have a very good idea of how to spell a word....a word like "sophomore". Much faster to use the WORD BOOK.....so glad to have found it on !!! I recommend it highly!!0 of 0 people found the following review helpful. Five StarsBy Marianne RoseI have one at work and I use it frequently. So I bought one for home.1 of 1 people found the following review helpful.
